LANGSTON, UNIVERSITY, OKLAHOMA, MARCH, 1955

NUMBER FOUR

Alumni Scholarship Award Winners

Ollie Bennett

Leon Gordon

The three students receiving the Langston University Alumni scholarships were Ollie Bennett, senior majoring in home economics, Guthrie; Leon Gordon, sophomore majoring in chemistry, Wewoka, Oklahoma; and Franklin Hill, majoring in Chemistry, Boley, Oklahoma. The scholarships are given to the sophomore, junior and senior having the highest cumulative average for each given year.

Miss Bennett is a member of the Home Economics club, Kappa Delta Pi honor society, and Delta Sigma Theta sorority.

Mr. Gordon is a member of the Alpha Phi Alpha fraternity.

Three Fellowships Granted for Study In The Netherlands

Three fellowships for graduate study in the Netherlands during 1955-56 are available to Americans, it was announced yesterday by Mr. Kenneth Holland, President of the Institute of International Education, 1 East 67th Street, New York City.

The awards, offered by the Netherlands Government, are named the "Hendrik Willem van Loon," "Edward W. Bok," and "Hendrik Anton Coenen Torchiana" fellowships. Each award carries a cash stipend of 2,000 guilders, enough to cover room and board expenses for the academic year. Tuition fees are waived. Since the number of supplementary travel grants is limited, there can be no assurance of such aid to recipients of the above-described awards. Grantees should have funds, therefore, to pay their own travel and incidental expenses.

The fellowships are open to men and women, preferable under 28 years of age. Eligibility requirements are: United States citizenship; a bachelor's degree by the time of departure; good academic standing and capacity for independent study; good moral character, personality and adaptability; and good health. Some knowledge of the

Karamu Quartet At LU March 4

THE KARAMU QUARTET was organized in 1941, and has continued to maintain a high standard of musical performance throughout the years. One of the high spots in their career was the invitation from CBS radio network to give a series of broadcasts. This honor, begun in April of 1951, has continued uninterrupted ever since, and radio fans from 34 states and the Province of Ontario have expressed unsolicited written approval of the quality of their performances, the unique blending of voices, and the choice of selections.

The Karamu Quartet is under the musical direction of J. Harold Brown, who holds the A. B. Degree in music from Fisk University; Mus. B. in music Composition from the Conservatory of Kansas City; and the A. M. degree in Music from Indiana University. Mr. Brown has

"Work, Study, And Travel Abroad"

Publication of the seventh annual edition of "Work, Study, Travel Abroad" offers student accurate, up-to-date information on more than 200 different work projects, study programs, festivals, seminars and fellowships offered abroad this year. Information on requirements for participants in these programs and addresses of sponsoring organizations are given in detail.

In addition, it contains a complete section of general travel information. Prospective student travelers are informed about passport and visa requirements, accommodations and travel facilities abroad.

Students in USNSA member schools may secure copies through their student government or campus travel committee. Direct orders at 50 cents per copy should be sent to: USNSA Publications, 1234 Gimbel Building, Philadelphia 7, Pennsylvania.

Coming Events at LU

Langston University Founder's Day, March 13, 1955. Special guests will be representatives of the class of 1908.

Interscholastic Meeting April 22, 1955.

National Music Week May 4, 1955.

Senior Day.

Medical Schools Advise May Admission Test

Princeton, N. Y., January 17. Candidates for admission to medical school in the fall of 1956 are advised to take the Medical College Admission Test in May, it was announced today by Educational Testing Service, which prepares and administers the test for the Association of American Medical Colleges. These tests, required of applicants by almost every medical college throughout the country, will be given twice during the current calendar year. Candidates taking the May test, however, will be able to furnish scores to institutes in early fall, when many medical colleges begin the selection of their next entering class.

Candidates may take the MCAT on Saturday, May 7, 1955, or on Monday, October 31, 1955, at administrations to be held at more than 300 local centers in all parts of the country. The Association of American Medical Colleges recommends that candidates for admission to classes starting in the fall of 1956 take the May test.

The MCAT consists of tests of general scholastic ability, a test on understanding of modern society, and an achievement test in science. According to ETS, no special preparation other than a review of science subjects is necessary. All questions are of the objective type.

Application forms and a Bulletin of Information, which gives details of registration and administration, as well as sample questions, are available from pre-medical advisors or directly from Educational Testing Service, 20 Nassau Street, Princeton, N. Y. Completed applications must reach the ETS office by April 23 and October 17, respectively, for the May and October 31 administrations.

LU Summer Session

Registration for the regular summer session at Langston University will begin June 6, 1955. Classes will begin June 7, 1955. A full schedule of courses designed to meet teacher certification requirements will be offered.

Law-Abiding Citizen

Teacher: "Sonny, why are you late for school every morning?"

Sonny: "Every time I come to the corner there's a sign that says, 'School—Go Slow.'"

Student Council At Work

The question that is often heard among the Students on the campus is "What is the Student Council doing?" The answer is, "I don't know." This I feel is in some respects a fault of the Student Council because we have not kept you abreast with the moves of the Council.

In this article I hope we will be able to bring you up to the latest works and actions of the Student Council as it has worked along and with the guiding hand of our sponsor.

Our work has been concerned with trying to get an office established to work in. This has been accomplished by our being allowed to use a room in the I. W. Young Auditorium temporarily. We will soon be able to move to a permanent office in the basement of the Phyllis Wheatley Dormitory; this alone is one accomplishment that no other Student Council has made.

We have also been hard at work setting up a program that will help better campus life here at Langston. Our program deals with many problems that we as students face. Our work program is set up in a manner similar to this:

I. Traffic Regulations

A. Parking lots: 1. No parking zones; 2. Parking zones.

B. Registration of all student cars. 1. Required insurance; 2. Require all student cars to display student registration stickers; 3. Restriction on students that own cars not governed by regulations.

C. Speed limit to be enforced.

D. Personnel to ride in cars on campus. 1. Girls: Required to have permit to do so; 2. Owner or driver of car: Required to be sure that permit is correct for his own protection.

II. Publicity for School to help increase enrollment

A. Appoint a staff to write articles to newspapers and magazines; 1. Langston University Campus Life; 2. Langston Sports Life; 3. Langston Academic standings and accomplishments.

B. Publicity through radio: 1. Writing news stories of importance; 2. Have arrangements made to have students make appearances on radio.

III. Hold regular meetings with Student Officers and School Officers to work on problems that might benefit school and campus life at Langston University.

A. Recreational Facilities: 1. Student Union; 2. Canteen; 3. Other

Langston Alumnus Now in Korea

Melvin Todd

Melvin R. Todd, a 1954 graduate, and a former staff member of the GAZETTE, is serving with the Signal Corps, United States Army, in Korea. Pic. Todd, who was inducted into the army in June, 1954, had his basic training at Fort Bliss, in El Paso, Texas. He then attended school at Camp Gordon, Georgia, in preparation for duty with the Signal Corps. Upon completion of this training, he was assigned to the 58th Signal Corps (Support) in Korea.

Pic. Todd is the son of Mrs. E. R. Davis, University Librarian.

Religious Emphasis Week March 5-10

Rev. Charles E. Cobb

Religious Emphasis week will be held on the campus of Langston University March 5-10, 1955. The principle leader of the week will be Rev. Charles E. Cobb, pastor, St. Johns Congregational Church Springfield, Massachusetts.

Supporting consultants and leaders include the following: Dr. Robert H. Alexander, Pastor Avery Chapel A. & M. Church, Oklahoma City; Dr. D. C. Cooksey, Pastor Antioch Baptist Church, Muskogee, Oklahoma. President of Oklahoma General Baptist Convention; Reverend W. K. Jackson, Pastor St. Johns Baptist Church, Oklahoma City; Dr. Shirley G. Sanchez, Vicar The Church of the Redeemer, Oklahoma City; Dr. T. Z. Koo, Department of Oriental Studies, University of Iowa, Iowa City, Iowa; Dr. Walter F. Wolbrecht, Executive Secretary, Board of Higher Education, Lutheran Church Missouri Synod, St. Louis, Missouri; Dr. Kenneth Shamblin, Pastor, Pulaski Heights Methodist Church, Little Rock, Arkansas; Miss Fern Babcock, Executive Secretary, National Student YWCA, New York City, New York; Dr. Douglas Jackson, Professor of Urban Sociology, Perkins

KDPi Regional Convocation

A regional conference of Kappa Delta Pi will be held on the campus of Central State College, Edmond, Oklahoma, on Saturday, March 12, 1955 with Gamma Omega chapter as hosts. Members of Eta Sigma chapter are making plans to attend.

Mr. C. Lawrence Beymer, student representative of the executive council will be present. Mr. Beymer is a senior student at Purdue University, Lafayette, Indiana. When the National Convocation met at Purdue University in March, 1954, Mr. Beymer was chairman of the Committee on Planning for the Convocation. It was decided at this meeting to have a representative for Students on the executive council and Mr. Beymer was unanimously elected.

Further details for the regional conference will be discussed at our monthly meeting on March 1, 1955.

Student Council . . .

Continued From Page One

activities affecting student recreation. IV. Make study and discuss a movement for better scholarship at Langston.

A. Study hours. B. Library hours. C. Establishing better teacher and student relationship. D. Counseling for slow learners and Freshman students.

We have succeeded in getting some of the things on the move such as the recreation facilities in the Men's Dormitory. They are now being ordered.

The Dean of Students has announced to us that his office is now preparing to begin working on revising the Student Handbook, in which he has asked us to play a large part since we are your representatives—along with your class officers.

If things are not moving fast or don't seem to be moving as fast as they should, I am sure that it is not because energy has not been exerted toward the work. These changes will move slowly but will be effective.

The fact that the Student Council is not at work still may be a fact that some of this laxness could be tightened by more support from the student body. We need to know from you the things that you wish or would like and from that point we are able to present to our sponsor a general expression of the whole student body and not the sentiments of a few individuals who just make comments. When we present a problem we have got to be sure what the whole of the student body of Langston University wants and not just the wishes of a few individuals.

We are now working on plans for a spring election of the new Student Council for next year. We hope we will leave a place for them to start other than at the bottom as we had to start. We are hoping that they will have an office and will be able and ready to take up where we left off. The things we hope to accomplish and have succeeded in we owe our deepest thanks to our sponsor, Dr. Wynn, Miss Pierce, the Counselor for Women and last but not least our President, Dr. G. L. Harrison.

Increased Enrollment In Biology Department

By G. C. HAMILTON, Chairman
 Department of Biology

Because of an increased enrollment of students in the Biology Department, present facilities are insufficient to adequately accommodate this large number both in the laboratories and lecture rooms. This crowded condition may be accounted for by the fact that this department trains students in pre-medicine, pre-nursing, liberal arts, and in teacher education.

This department not only has produced many students who are continuing their education in dentistry, nursing and teaching, but has produced many successful practitioners in the respective fields.

Two of the most recent graduates (1953) in biology are at present in Schools of Medicine. Mr. Vernon Walton is attending the medical school of the University of Illinois, and Miss Dorista Jones is attending the School of Medicine at Howard University.

The Department had a very successful year in the growing of Protozoan and Bacteriological cultures in the laboratory. For the best results in securing a rapid growth for Paramecium caudatum, we have found temperatures between 24 degrees and 28 degrees centigrade to be most favorable. From these temperatures we were able to secure many conjugating Paramecia. In reference to bacteriological cultures, we usually cultivate just enough for bacteriological study.

The choice courses of the department are: Embryology, Histology, Genetics, Histological Microtechnique, physiology and Bacteriology.

Industrial Arts Report

Additions to our Shop library consist of copies of Dr. Marion E. Franklin's dissertation, "A History of Industrial Arts in Oklahoma Up to 1950." The donation of two valuable books on Photography by Mr. Gilyard, our instructor in Auto Mechanics.

Gbar Aaron Grimes visited the campus during the holidays, after spending a year in advanced study in Architectural Engineering at the University of Oregon. Mr. Grimes, a graduate of Langston University in 1953 is leaving the United States for his home in Liberia, where he has been offered a position with his government.

The faculty and students in the Mechanical Division wish to acknowledge the receipt of many cards and seasonal greetings from various parts of the world. Our mail is growing each year from these men and women who are proud to call Langston University their Alma Mater.

Graduates during 1954 and their present positions are: Mathew Atkinson, now teaching at Lenepah; Cornelius Adams, now teaching at Frederick; Malcolm Hilburn, now teaching at Hominy; Bobby D. Parker, now teaching at Langston University; and McCoy Battle, now working at Tinker Field, Oklahoma City, Oklahoma.

Continued Progress In Chemistry Dept.

The Department of Chemistry at Langston continues to offer a sound major and minor program, including unusual research and professional experience. Graduates with both major and minor concentrations are succeeding admirably in their post-graduate endeavors. Among recent graduates are Daniel W. Lee, who will graduate this year from the University of Oklahoma Medical School; James R. Rhone, who is a research chemist in the Carver Foundation at Tuskee Institute; Dorista Jones, a sophomore in medicine at Howard University; John Algee, a research assistant at the University of Illinois; Samuel Richardson, a junior in medicine at the University of Oklahoma; and Vernon Walton, a sophomore in medicine at the University of Illinois. Several other students of the Department have held research assistantships in several larger institutions, while one of its graduates is currently on the staff of the Department.

Research in the Department has attracted national attention and has been supported by grants from research foundations and industrial firms. The latest research paper from the Department appeared in the July, 1954 issue of the Journal of the American Chemical Society. Requests for reprints of this paper have come from universities and research laboratories in France, Germany, Switzerland, Sweden, England, Japan and several other foreign countries, as well as from the large universities and laboratories of the United States. Cordell Johnson and Otis Ray of the present senior class are currently serving as research assistants in the Department.

The field of Chemistry offers unlimited vocational opportunities and the Department invites students to come in and talk about careers in chemistry and related areas.

Interesting Notes From the Infirmary

Fortunately, for the two months of the year, illness among students has been very much improved over last year's record. A few aches, pains and other conditions crept in during the sudden cold spell. It made us feel that the Ground Hog peeked at his shadow from somewhere. However, we are grateful and we are always willing to serve.

Miss Billie Burke came unwillingly for a day, but had to stay almost a week. We must say she was a very, very lovely patient.

A Wise Procedure

Sergeant: "What is the first thing to do when cleaning a rifle?"

Private: "Look at the number."

Sergeant: "And what has that to do with it?"

Private: "To make sure I'm cleaning my own gun."

Department of English And Modern Languages

The Department of English and Modern Languages has the largest enrollment of majors it has had in the past ten years, there being twenty-five distributed among the classes, freshman through senior. If all goes well, five of them will receive degrees this spring or summer: Alice Cosby, Lucius Curry, Dolores Jones, Virginia Flanagan (Mrs. Kenneth Shoats), and Janice Sims. All seniors are at present diligently studying methods of teaching English under the guidance of Mrs. M.W. King; they will soon join the ranks of apprentice teachers, returning to the campus thereafter to begin preparing for orals in March and April.

Of special interest to all students of the University should be the country-wide oratorical contest sponsored by the Women's Christian Temperance Union. All colleges in Oklahoma are participating, and the Oklahoma Chapter of the WCTU has set aside for the winners of the contest at Langston University prize money as follows: first prize, \$50.00; second prize, \$25.00; third prize, \$15.00. Every student in the University is eligible to enter the contest, which will be held the last week in March, probably on March 28. Students are urged to see Miss Qualls, Head of the Department of English, if they wish to enter the contest. She will assign an adviser from the Department for a student who wishes to write an essay and learn to speak it. The adviser will make suggestions about form, content, and delivery. At the office of the English Department students will find a large quantity of source material on alcoholism, temperance, and prohibition, made available by the WCTU. Speeches should be between 1200 and 1800 words. Since no contest can take place unless there are at least five contestants, students are urged to register their intentions to enter. Remember: Three students will go through a constructive learning experience in preparing their orations, and at the same time these three will be in position to add to their bank accounts.

While nothing official has been said, we have learned that the major dramatic production of the Dust Bowl Players this spring will be a modern work, probably one by the controversial philosopher dramatist, Jean-Paul Sartre. We await further word from Mr. Tolson on this matter.

Of interest to students of foreign languages is the announcement that beginning and advanced courses in French will be offered in the summer school of 1955 by Miss Gloria Toney, who spent last summer studying in LuValle University in Quebec.

Correction

The Staff wishes to make a correction of an error in January issue of the Gazette in which The Coffee Shop was incorrectly called The Snack Bar.

Did You Know

That Frank Mills and Betty Osborn were voted the best-dressed in the senior class; Roach and Bennett, the *best-lookers*; Alan Gordon and Julia Ann Reed, most popular; Betty Wedgeworth and Charles Hornbeak, most collegiate; Lilliantyne Williams and Percy Perry, best personality; McGilbra and Reed, best dancers; and Dymple Butler, freshman, was voted "Miss Lion."

Mae Brooks' tears might not have kept the most handsome man in the senior class, but they certainly did impress another tall handsome man.

The chick in the registrar office is doing worlds of good. She has been seen quite frequently with the "Million Dollars on Legs."

Flora Brown certainly did check Holloway's speed with Logan Hale. Too bad she let that Bread Boy slip through her fingers.

Do we hear wedding bells for Burl Hill and Mae Lee Rivers? Harold O'Quinn has been seen driving a Mercury with a spare on the end. Wonder if it belongs to him.

We were told that Ollie Mallard and Otis Ray walked through the rice. Much luck to them. Say L. E. Sanders! What are you trying to do?

Who is Roach after now since Frank Mills has been occupying all of Betty Osborn's time?

Pretty Gray has been seen checking with Ruby Ryan. The second semester Chicks from the City are trying to play it cool. Land and his pink coat are still the talk of the state.

Betty Hollins has changed her tune from "Blue Monday" to "I am Going to My Wedding" since the third finger on her left hand is shadowed.

It is in the air that the occupants of University Women are planning a tea to help encourage the boys to leave Sanford Hall for an hour.

Does Velez Hays really hold the love of James Procter after seven when the basketball boys are away? Perhaps she can control it since the season is over.

A G. I. stated last week his reason for staying in the army. "Man, these civilians 'get up for breakfast,' 'walk around for lunch,' and 'lie down for supper.' We do eat in the army."

Fashion Hints

What we wear is not so important as where and how we wear them.

There are certain fashions suitable for dancing, parties and formal affairs and would be out of fashion for other occasions.

The new spring hats are going to be a little wider for the Easter Parade this spring and summer because of the longer hair styles now.

For those "pastels," now ladies, will be sold in all types of shoes, blouses, skirts, jackets, dresses and belts for the colorful spring look.

Several articles have appeared in this column on the latest for women. The author feels that the male point of view should not be neglected.

The dark and grayed shades for men are a thing of the past for the young man of today. Men are now wearing pastels in ties, socks, overcoats, shirts, shoes, slacks, and jackets. These colorful styles are worn for all kinds of occasions and to most all social occasions except formal occasions.

For the spring the men's suits will be worn in shades of tan, beige, blue, navy and tweeds.

Men's basic garments are suits, shirts, overcoats and shoes.

Work hard and save your money and when you are old you can have the things only younger people can enjoy.

Okla. School Of Religion Observes Founders Day

Dr. Maynard P. Turner

The Oklahoma School of Religion will observe Founder's Day Friday, March 11, 1955, 2:00 p. m. The Founders' Day address will be delivered by Dr. Maynard P. Turner, President, Western Baptist Seminary, Kansas City, Missouri.

In the forenoon of Founders' Day, the several graduating classes will hold their respective class reunions, to be followed by the meeting of the Alumni and Former Student Association at 10:30.

Hale Receives Ph.D. Degree

Dr. Larzette G. Hale, Acting Chairman of the Department of Business Administration at Clark College, was awarded the Doctor of Philosophy degree at the University of Wisconsin's winter convocation January 29. Conferred through the University's School of Commerce, Dr. Hale's doctorate is in Finance and Accounting with a Business Education minor.

At Clark since 1948, Dr. Hale is a summa cum laude graduate of Langston University, Langston, Oklahoma. Following graduation and her immediate marriage to Dr. William H. Hale, now Chairman of Clark College's Department of Social Science, she was employed for two years as secretary to the Business Manager at Langston. Subsequently, she matriculated at the University of Wisconsin where, on a scholarship from the University's Department of Economics, she earned the Master of Philosophy degree with a major in accounting and later taught in the summer school at Langston.

With her husband, Dr. William Hale, who had been named Dean-Registrar at Bethune-Cookman College, Daytona Beach, Florida, Dr. Hale similarly went to Bethune-Cookman where for five years she was chairman of the College's Business Department. She left Bethune-Cookman in 1948 to join the Business Administration faculty at Clark College, and at the same time her husband assumed the Chairmanship of Clark's Department of Social Science. In 1953-54 when Professor A. B. Wright, Chairman of Clark's Department of Business Administration was granted leave of absence for study, Dr. Hale became Acting Chairman of the Department.

While at Clark Dr. Hale has become a Certified Public Accountant in the state of Georgia; and in 1952-53 she was awarded a General Education Board Fellowship for study toward the doctorate at Wisconsin. She has also done summer study in Finance at the University of Chicago and New York University; and was the recipient of Carnegie grant to study the status of Accounting in Negro colleges.

Kappa Karavan

First we wish to compliment the Deltas for such a magnificent program "The Jabberwork." We wish also to express our apology for not taking an active part in their program.

Our annual "smoker" was given Wednesday night, February 9, with Brother W. E. Sims speaking informally on some of the essentials of college life. The main purpose was to acquaint the freshmen with these essentials and let them know that they definitely have a part to play in the growth of our University. We hope the freshmen enjoyed the refreshments.

Brother Arinwine, who is captain of the baseball team, and Brother Adkins, who has won the most valuable player award for two consecutive years, are really taking baseball to bed with them. They play a game of catch every night after they say their prayers. Brother Armstrong thought Zip was keeping him busy with basketball but we are sure Stearns had news for him. Baseball season started on the 15th of February.

The brothers are now planning our annual Vesper Program and Spring Ball. All Brothers will be singing "You are as pretty as a picture and as sweet as you can be" to Mrs. Betty Ables, because she is our Kappa Alpha Psi sweetheart.

LU Alumnus Receives Dietetic Internship

Mrs. Jennie Jeweline Henry, former student at Langston University, has been chosen to receive a dietetic internship. She is the daughter of Mr. and Mrs. Henry Jeweline of Vian, and was graduated from Manual High School in Muskogee.

Upon the basis of her student record at Oklahoma A. & M. College, Stillwater, where she has been enrolled in the Graduate School, Mrs. Henry will go to Michael Reese hospital, Chicago, Ill., this month. At the conclusion of her one-year internship there, she will qualify for a certificate and membership in the American Dietetic association.

Mrs. Henry completed all the residence requirements for a master of science degree in home economics education at A. & M. during January. She is a member of the National Education Association, Oklahoma Negro Teachers Association, and Sigma Gamma Rho.

Who What and Where

The staff of the Langston University Gazette would like to know who is doing what, and where among the alumni. Tell us where you are and what you are doing. Let us have your personal and professional news and views. If you are not receiving your Gazette, join our mailing list by sending us your address, and we will place your name on our mailing list.

HOW WE LEARN

Pictured above are the students of the Demonstration school participating in the Valentine Tea given for them. The children took turns serving, washing and drying dishes, and acting as hosts and hostesses. First to serve were Sandra Battle and Cheryl Edmonds. They served five minutes and then washed dishes five minutes. While the dishes were being washed Gloria Dell Pruitt and Emily Jo Norman served. All the children's parents were invited.

After the guests had been served, the hosts and hostesses were served. After all had been served Mrs. S. G. Washington, Director of Home Economics at Langston University talked about how to act at a tea. Some of the things she told the children were: Talk softly; do not fill up; do not finger food; do not breathe on food; practice good posture; do not play games. Hosts and hostesses always greet their guests, do not handle things, and express thanks.

Carole Herbert thanked Mrs. Washington, and everyone expressed what a nice time they had at the tea as they left.

Classics Verses Modern Drama

A contest, unique in radio's history, will be inaugurated on the "WOR Radio Playhouse" Monday, February 14.

Entrants in three separate groups—regular listeners, high school students, and college students—will be invited to express an opinion, in 50 words or less, on the subject "How do the Classics Compare with Modern Drama on Radio?"

The "WOR Radio Playhouse" is heard each Monday through Friday from 2:30-5:00 p. m. The classics segment of the Playhouse will be aired from 4:30-5:00 p. m. daily and a different classic will be heard from 9:30-10:00 p. m. Tuesday through Friday.

The grand prizes in the contest will consist of: To the winning college student and a companion of his (or her) choice, round trip transportation via KLM Royal Dutch Airlines to the Shakespeare Festival at Stratford-on-Avon and the Paris of Alexander Dumas, plus \$500 in cash for expenses. Winners among non-student "WOR Radio Playhouse" listeners will be awarded similar trips and expense money.

The winning college student's alma mater will receive the latest model Bell & Howell sound movie projector equipped to record sound directly on film; the student's English teacher will receive a beautiful Longines presentation model wrist watch.

In addition, weekly and monthly prizes including Parker pen and pencil sets, Hell & Howell movie cameras, Wittnauer watches, vacations at Banner Lodge, Moodus, Conn., and the Hotel Traymore in Atlantic City will be given to winning student and non-student entrants.

The contest, which opened Monday, February 14, will run for 16 weeks, concluding Friday, June 3.

Art Department Student Teachers

Forrest Artry is doing his apprentice teaching at Douglass High School, Oklahoma City. He is also exhibiting some of his paintings at Douglass during the National Negro History Week.

Alcleata Hamilton is doing her apprentice teaching at Carver Junior High School in Tulsa, Oklahoma.

Eugene Reece of Oklahoma City, and Darel Branch of Washington, D. C., are the new Art Majors who joined us for the second semester.

The Art Department will show the work of the three graduating seniors in individual shows starting in April.

Jabberwock Queen Ida M. Basham and Attendant Shirley A. Powell

Phys. Ed. Students Attend Gym Night

Students in the Physical Education classes attended a gymnastics exhibition put on by Sweden's National and Olympics gymnastic teams. This show was sponsored by the Stillwater Junior Chamber of Commerce. Monday night, February 14, at the Field House in Stillwater.

The performance included demonstrations on the mats, parallel bars, group and individual exercises.

Those attending were Robert Lomax, Ted Haynes, Frank Mills, Curtis Brackeen, J. Howell, Cecil McCurdy, Raymond Reece, Betty Bell, Walter Burt, Frank Fowler, James Craig, Eugene Reece, Betty Osborn, Barbara Starr, Edith Douglass and Charlotte Rowe. Instructors attending were Mrs. Constance Welch, Mr. I. A. Breaux and Mr. B. Crowell.

Library Adds Rare Volumes to Collection

The G. Lamar Harrison Library has recently acquired a considerable number of rare art books for its growing art collection. The most recent acquisitions include widely varied volumes of old, foreign, and modern art, profusely illustrated in black and white and in fine color. They cover sculpture, advertising design, and all phases of aesthetics.

Outstanding titles recently added include: Drioton's "Le Musee Du Caire" (Encyclopedie Photographique de L'Art series); Skira's "Eighteenth Century" and "Royaume Centurie"; Grabar's "Byzantine Painting"; Schapiro's "Van Gogh"; Bayers "Pauhaus"; Gladsky's "Nouvelle Composition Decorative" and "La Voie Celeste"; Postner's "Der Pinseldruck und Andere Werkspuren"; Adami's "Un Secolo Di Scenografia Alla Scuola"; and Amberg's "Art in Modern Ballet."

Mr. E. J. Brown, head of the Art Department, has expressed himself as being especially proud of the collection of Skira's Histories, which covers the art of every country and which is excellent for research purposes. He has also stated that he is greatly pleased with the growth of the art collection in recent years, and that it compares favorably with the collections of universities of greater size than Langston.

Highlights Of Langston Deltas

Beta Upsilon Chapter, and Beta Iota Sigma Chapter of Delta Sigma Theta Sorority, Inc., extends warm greetings to each of you. We are happy that through these publications we can foster the development of a close relationship with our fellow Greeks and colleagues.

We celebrated our founders' day January 13, 1955 in the home of Soror Amelia Taylor. It was an enthralling and enriching experience for each soror to be re-dedicated, and to remember the visions of our founders when they established a sisterhood, who after forty-two years is still blazing new trails and building new roads. This founders' day will stand out in the minds of each of us as one of our most memorable occasions. The center of the damask covered table, enhanced the attention of everyone with its beautiful three-tiered cake, decorated with red and yellow icing. A delectable repast was served by our gracious hostess.

The Deltas wish to take this opportunity to thank all our patrons and friends, who by their participation, cooperation, and interest made our Jabberwock such a tremendous success. We hope you enjoyed it as much as we were happy to present it. "The Arabian Nights" was produced by Sorors Gloria Toney and Louise Stephens. We are quite proud of these creative sorors, who through their capacities of imagination and dramatic skill took us to Arabia.

The Queen of the Jabberwock was Miss Ida Maye Basham of Langston, Okla. Miss Basham is a Senior at the Langston high school. Her lady in waiting was Miss Shirley Powell of Guthrie, Okla. Both young ladies received beautiful bouquets of roses from Beta Iota Sigma Chapter, and lovely gifts. We wish to thank these young ladies for their eager and wonderful cooperation.

Deltas of Beta Upsilon Chapter and Beta Iota Sigma Chapter join in wishing all our friends and fellow Greeks continuous success. May we strive together to produce a homogeneous social unit in which one may live a normal, and well adjusted life. May we provide intercollegiate relationships, new ideas, and an exchange of hospitality.

Hider Wins 4-H Award

Verna Mae Hider, a freshman at Langston University, enrolled in Home Economics was recently listed among the five Logan County 4-H members as award winners in the State Record Book judging recently completed at A. & M. College, Stillwater, by a committee of Extension Personnel.

Verna Mae, the daughter of Mr. and Mrs. Gabe Hider, Jr., is state winner in both achievement and food preparation. Her awards include a pen and pencil set given by the Ford Motor Company and a \$50.00 bond from the Kelvinator Corporation. She has been in 4-H club work for nine years and has completed 65 projects, serving as a junior leader for seven years.

In 1953, she was state winner in Food Preservation and Leadership and won a trip to the Regional 4-H Camp on her "leadership and community" activities. She is a member of L'Ouverture No. 4 Club. Mrs. G. B. Wharton was her local leader and Mrs. Rosa J. Parker House, home demonstration agent.

Other Logan county state winners included Courtney Powell from Faver who won first in Leadership and will receive a pen and pencil set; Ruby Powell, also from Faver, who won first in gardening, will receive a \$50.00 bond. Venera Ware, first in Citizenship will receive the Robert S. Kerr \$200.00 scholarship to Langston University and Margaret Edna Hider, second in canning will receive a \$25.00 bond.

Margaret Edna Hider and Courtney Powell were placed in the blue group to compete in "Leadership and Community Services" for the 1955 regional 4-H trip.

Langston U. Student Selected by S. M. I.

L. E. Sanders has been selected by the Student Marketing Institute of New York to be the American Tobacco Company Campus Representative on the Langston University campus. As Campus Representative he will be presenting members of the student body with sample packs of *Lucky Strike* and *Pall Mall* cigarettes throughout the year to acquaint them with the qualities of these products of the American Tobacco Company, America's leading manufacturer of cigarettes.

The representative will be glad to cooperate with campus organizations in planning college floats, decorations, dances, parties, smokers, carnivals, booths, etc. He will also cooperate with local campus stores to increase their cigarette sales. The current campaign, one of the most intensive conducted in the college field, is aimed at maintaining *Lucky*'s status as the most popular "regular" size cigarette in the nation's colleges and *Pall Mall*'s place as the leading "king" size, as established by 34,440 actual student interviews with smokers in colleges from coast to coast conducted in May 1954.

Three of Faculty Attend C. of C. Meeting in City

The three faculty members of the Business Administration and Business Education department were invited to a meeting of the Chamber of Commerce at Second and Stiles, Oklahoma City, last week.

The group discussed the initial plans for the proposal of a two-week program improving the efficiency of the operation of small business. The group also discussed the possibilities of the department planning a two-day workshop at Langston University this summer.

LU-Wiley Game

The Langston Lions met Wiley College in two conference games on February 11 and 12. Showing great shooting power and speed the Lions surpassed an early lead to finally win the game. With Clarence Dixon, Don Patterson, Emmet Johnson, and J. D. Johnson leading the way, they made up a half time deficit. Receiving great support from Logan Hale, Charles Dillahunty and Theodis Finley the Lions went ahead in the last five minutes, only to have the game tied by a shot from mid court with five seconds of play left. In the five minute overtime, which followed, Langston edged out a win by the score of 69 to 66.

Taking the floor the next night the Lions were an inspired team, taking a 10 to 0 lead in the first few minutes. Wiley fought back and the lead changed hands twice but the half found Langston ahead by a slim margin of 37 to 36.

With seven minutes of play left, Wiley College tied the score and finally went on to win even though we saw great playing by Emmet Johnson, Clarence Dixon, Don Patterson, Logan Hale, and J. D. Johnson. The final score was Langston 73, Wiley College 77. These were the last games on the Lions' home court and were two well worth remembering.

14th Performance For a Cappella

With an extensive repertoire of more than twenty-six compositions that waits audiences in many moods and some of whom are taken by surprise the Langston University a cappella singers under the direction of H. Edison Anderson are busy completing performances in the state of Oklahoma and surrounding states before their national tour. Such neighboring cities as Lawton, Waskita, Tulsa, Oklahoma City, and others continue to express oral and written approval of their varied and choice selections, high quality of performance, and blending of voices. At times audiences seem passive but suddenly find themselves jubilant from some one of the many featured soloists, small ensembles, narrators, or the subtle interpenetration of the complete ensemble in the unfolding of the entire concert picture.

Many colleges, high schools, business leagues, and numerous other organizations are busy contacting the office of the director in an effort to include this organization of young college men and women in their spring series this year. Twelve other performances are scheduled before the national tour which will take them to some of the largest cities of the Midwest and East.

The Langston University a cappella singers are made up of a diversified personnel which represents numerous departments and divisions of Langston University, and they look forward to pleasing and delighting many audiences in this their third tour across the United States.

'Magnificent Obsession'

On Thursday, March 3, 1955 the faculty and staff of Langston will present "Magnificent Obsession," a three-act drama on stage of I. W. Young Auditorium. The movie version of this great drama has been nominated for an Academy award.

The cast includes: Mrs. W. Kelly, Mrs. T. P. Hughes, Miss Gloria Toney, Mr. J. H. Hughes, Miss T. Brown, Mr. J. Norman, Dr. E. Edmonds, and Mr. C. E. Graves.

Karamu Quartet . . .

Continued From Page One

served as Director of Music at Florida A and M College, Southern University, and Cleveland's Karamu House. He is also the arranger and accompanist for the Quartet.

Members of the Quartet are Chas. W. Tomlin, 1st tenor; William Baker 2nd tenor; Roy J. Lockett, baritone, and Joseph L. Boatner, bass. Each of these men has had considerable vocal training and experience.

The Quartet has been featured on convention programs of organizations such as the National Lawyer's Guild, The National Association of Settlement Houses, The National Federation of Republican Women's Clubs, the Triennial Convention of YMCA Secretaries of the U. S. A. and Canada, and the Baptist World Alliance.

Many colleges, high schools, and social and fraternal organizations have presented two or more concerts by the Karamu quartet.

The Karamu Quartet presents a well-balanced concert repertoire that will please any audience, and yet delight the music critics.

Every Sunday morning at 8:15 (EST) the Karamu Quartet may be heard over the CBS radio network.
